This rule provides a mechanism for certifying emission reductions as emission reduction credits. Amendments update terms and definitions to current EPA language. The exemption for notification of issuance of small quantities of ERCs is eliminated. Section 301, Certification, is rewritten to specify the requirements before the APCO can certify an ERC. Section 302, Reevaluation is deleted. The priority reserve adjustment of calculated credits is changed slightly to simplify. Section 412, Moratorium, is deleted.
